Lighting and tech

Ability to record individual tracks onto USB HDD

Lighting notes (per song):

A Pig On Antibiotics (Exploding Song)	Moody Lighting, no specific colours here, Maybe some darker purple. Start with no lights and as the song progresses bring everything in
Ha Ha Ok Ok	Dark Red
Lost Connection	Darkish Greens, Strobe lighting
Handfoot	Dark Red, Strobe lighting
1080 Gotho	Yellow
Her Name Was Human	Light Green
Definitive Portrait	Dark Red, sometimes going completely dark on stage
Serotonin	White
A Brother, A Son, A War That Never Changes	White for the beginning of the song where it's hard hitting, bring it to a green when it gets

	mellow, bring back the Whites and strobe effects when it picks up pace
A Friend, Jacobus	Purple, maybe a bit of white as well
Rhubarb + Custard	Light Blue, Even some white, very moody sounding song
Default Dancing	Yellow/Orange, Sunset-esque colours
MMA	Dark Blue, Strobe lighting

Use smoke where required.
